Installation Instructions

Step 1
Attach 2 corner pieces to the highest row of panels using
2 mounting clamps per corner

Step 2
Position the 1m length sections the entire length
between the two corner pieces

Step 3
Attach a mounting clamp for the 1m lengths every 25cm.
Cut the stem of the clamp to avoid shadows

Step 4
Repeat this process on the other sides to protect all the panels
from bird damage and other debris

Step 5
Recycle any waste product
